Dear Mr Riddle

At the business meeting in Sheffield it was suggested that you might be willing to act (with Dr R Hudson) as the Association's representative on a steering committee to be set up following the LAGB/BAAL workshop. (I believe the committee's terms of reference were discussed at the workshop.) We very much hope that you will be able to undertake this on the Association's behalf. You will, of course, be able to claim travel and incidental expenses from the treasurer,

Dr Hudson tells me that the first meeting of this committee (of which he has details) is to be on November 17th.

Yours sincerely

Anthony R Warner
